

NetDimensions®

Performance. Knowledge. Learning.

NetDimensions is a global enterprise solutions provider of performance, knowledge and learning management systems.

Established in 1999 and listed on the London Stock Exchange (AIM:NETD), NetDimensions serves more than 800 clients with over 8 million users through its offices worldwide, as well as through a global partner network that extends to over 40 countries.

ISO 9001:2008
FS 542888

An ISO 9001:2008-certified company, NetDimensions is committed to leadership in performance, knowledge and learning technology. More importantly, we are committed

to delivering global solutions that create change, add value, reduce costs and minimize risks for our clients.

Enterprise Solutions

NetDimensions provides companies, government agencies and other organizations with enterprise solutions to help deliver and manage corporate training, career development, assessments and certification programs and helps clients around the world address growing regulatory compliance needs.

Through NetDimensions' full range of products and services, organizations can successfully implement their performance, knowledge and learning initiatives, including:

- Corporate Training
- Testing & Certifications
- Compliance Programs
- Performance Assessments
- Extended Enterprise Training
- Human Resource Management
- Tracking & Reporting
- Competencies Management

Products

The Enterprise Knowledge Platform (EKP), the Enterprise Content Platform (ECP) and the Enterprise Assessment Platform (EAP) are designed to help clients achieve cost savings, educate extended enterprise value chains (supplier, partner and consumer), improve workforce productivity and maintain staff and agent compliance with various regulatory requirements in relation to training and communications efforts.

Services

NetDimensions is backed by one of the most dedicated and responsive customer service teams in the business. Like our clients, we are a decidedly multinational group. In keeping with our philosophy of offering customers maximum choice, NetDimensions gives customers the option of either licensing their application products and running them on their own systems or subscribing to hosted services whereby NetDimensions will manage their applications and data in our own world-class, ISO 27001-compliant facilities.

Markets Served

Government agencies, banking and finance corporations and varied markets such as aviation, insurance, retail, manufacturing, energy and telecommunications trust NetDimensions to design, deploy and support their learning, knowledge and performance management initiatives. Our client list includes ING, Midwest Airlines, HSBC, the United States Department of Veterans Affairs, Hunter Douglas and Cathay Pacific.
